Re: PACDM v.7.17 release

To all of our customers and partners;

i3 International is committed to ongoing enhancements of PACDM software (Point of Sales, ATM, and Card Access Data Management). i3 International has been developing and selling PACDM solutions since 2006.

The following is a summary of changes and enhancements implemented in the latest PACDM release **version 7.17**:

New features:

- SRX-Pro v3.3.x license file support added

Improvements:

- Now able to parse and show data if captured file has header format “showtext,n,” where n is greater than the value 99

Please visit the [Downloads](#) section of our website to download the most recent version of PACDM software. For the full list of supported devices, please refer to our [PACDM Integration list](#).

Please contact technical support if you have any questions or issues.
